There s a growing group of readers which Amazon has been catering to with their Kindle Short Reads. They are called CBR s - coffee break readers. They re not just people who have never read longer books before.They re anyone who has limited time to read for whatever reason. Their commute, their lunch break, while waiting at airports.These people aren t stuck into a certain author, it s more like the certain type of entertainment they want: short ebooks which they can read in their available time. The simple idea is that you can spend two months writing and editing an 80,000 word book and sell it for 4.99 on Kindle. Or - you could publish eight 10,000 word books and publish them for 2.99, then come right back to offer the box set for 4.99. Would you like to make more income for the same amount of writing?
