Computability: Computable Functions, Logic, and the Foundations of Mathematics

By Richard L. Epstein

Advanced Reasoning Forum. Hardcover. Book Condition: New. Hardcover. 384 pages. Dimensions: 5.7in. x 5.5in. x 0.9in.Now in a new edition!--the classic presentation of the theory of computable functions in the context of the foundations of mathematics. Part I motivates the study of computability with discussions and readings about the crisis in the foundations of mathematics in the early 20th century, while presenting the basic ideas of whole number, function, proof, and real number. Part II starts with readings from Turing and Post leading to the formal theory of recursive functions. Part III presents sufficient formal logic to give a full development of Gdels incompleteness theorems. Part IV considers the significance of the technical work with a discussion of Churchs Thesis and readings on the foundations of mathematics. This new edition contains the timeline Computability and Undecidability as well as the essay On mathematics. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
